

HAUS OF
TENET

A cinematic photograph of two men in dark suits seated at a light-colored table. The man on the left is looking towards the right, with his hands resting on the table. The man on the right is looking upwards and to the right, holding a small dark card in his right hand. The background is a textured, light blue wall. The lighting is soft and focused on the subjects.

A HAUS FOR THE FEW WHO MOVE THE MANY

IRTH

A Modern Institution of Legacy

Shaping Spaces with Intention and Permanence.

IRTH is a modern institution built on the belief that legacy is not inherited, it is authored. Rooted in purpose, guided by conviction and shaped through enduring principles, IRTH creates spaces that stand beyond time, trend and moment.

Each undertaking reflects a disciplined approach to development, where restraint, clarity and long-term value define every decision. This is not reinvention. It is continuity, refined.

LEADING WITH PURPOSE, PERMANENCE AND BELIEF.

THE CONTINUATION OF LEGACY

Haus of Tenet is the first fully owned and authored development by IRTH. A defining moment where vision moves from collaboration to conviction.

More than an office destination, it is a statement of authorship. A place conceived for founders, investors and decision-makers who operate with clarity, influence and intent.

Here, art informs architecture, design reflects intellect and ownership extends beyond space into belief, presence and permanence.

Haus of Tenet marks the next evolution of IRTH Group, advancing the vision of creating spaces rooted in purpose, permanence and belief.

THE FIRST EXPRESSION

IRTH'S FIRST EXPRESSION

Haus of Tenet

Every Haus begins with an idea, a quiet spark that grows into something lasting. Haus of Tenet is IRTH's first expression, shaped by the belief that legacy is not what we possess, but what we protect and pass forward.

Rooted in principle, purpose and permanence, it reflects the true essence of IRTH; a place built on conviction and guided by what endures.

HAUS OF TENET

Positioned at the intersection of commerce and culture, Haus of Tenet introduces a new typology of office space in Dubai, one that goes beyond functionality to become a statement of legacy, influence and intent.

BUSINESS BAY

An address of access, influence and permanence.

A FIRST-OF-ITS-KIND, ART-LED OFFICE DESTINATION

POSITIONED WITH INTENTION

At the intersection of connectivity, culture and commerce; complemented by intimate garden pockets that introduce calm and greenery into the urban fabric.

THE LOCATION AXIS

Haus of Tenet stands within Business Bay - Dubai's established district of enterprise and design. A location defined by access, prestige and permanence.

CLUSTER PHILOSOPHY

A Smarter Way to Work

The building introduces a refined cluster concept, designed for businesses that value flexibility, privacy and long-term growth.

Offices are thoughtfully arranged into distinct clusters, each accessed through a shared private lobby. This creates a calm, semi-private arrival experience while allowing multiple offices to operate seamlessly as one integrated workplace.

Each office remains independently owned, yet clusters can be combined to form larger, more fluid environments that evolve with the needs of their occupants.

This approach offers a rare balance between individuality and scale, enabling businesses to start small, expand naturally and remain rooted in one address.

An intelligent system of space, designed to adapt over time.

ART AS OWNERSHIP CULTURE AS VALUE

MUSEUM OF TENET

AUTHENTIC

Authenticity is the origin story. Just as true art emerges from honesty, depth and intention, every space here is born from a genuine creative philosophy, crafted with meaning, shaped by culture and designed to feel unmistakably real.

EXCLUSIVE

Exclusivity isn't just rarity, it's owning something deeply personal. Like acquiring an original artwork, a space at Haus of Tenet offers a unique connection to artistry, design and cultural value reserved for those who truly appreciate it.

COLLECTIVE

Haus of Tenet redefines commercial real estate by positioning art as equity, not ornament. Curated, certified works are embedded into shared spaces, shaping environments of provenance and intent, where ownership extends beyond space to include narrative, identity and enduring cultural value.

THE COLLECTORS PROGRAM

OWN A SHARE OF A CURATED ART COLLECTION

Gain shared ownership in a professionally curated portfolio of mixed-media artworks placed throughout the development's public spaces.

STRENGTHENS YOUR INVESTMENT STORY

The integrated art program adds a unique dimension of cultural equity differentiating the project in the market and reinforcing smart, future-forward investing.

NO UPFRONT COST REQUIRED

The full initial investment in the art collection is covered by IRTH, allowing you to benefit without any additional financial contribution.

DIVERSE. APPRECIATING PORTFOLIO

The collection blends works from emerging, established and notable artists, strategically selected for long-term relevance and potential appreciation.

VALUE REINVESTED WITH INTENT

As the collection matures over time, its value is stewarded collectively and reinvested with purpose. This approach ensures that value is preserved not as a transaction, but as a living contribution to the environment itself.

A COHESIVE. ELEVATED ENVIRONMENT

Artworks across the lobby, dining spaces, gym, corridors, meeting areas and other amenities create a unified cultural experience that enhances desirability and tenant appeal.
